

Solutions

- » Real-time, verifiable, device-level inspection reports available 24/7; know exactly what was inspected and when with detailed test results
- » Embedded references to NFPA and CMS accredited agency codes and standards
- » Complete fire and life safety service forms library, including the ability to scan in paper forms for use and customize/create new ones
- » Provide easy access for authorized stakeholders, including AHJs
- » Integrated fire and life safety service management suite to manage repairs, replacements and service calls, all from within the online report

The Advantage

Now you can maximize efficiency, save money and reduce risk by managing critical inspection data with detailed online reports powered by BuildingReports.com—critical information at your fingertips.

Just login to your secure account and review your report, authorize repairs, manage inventory and view inspections. Your information is accessible whenever and wherever you need it and immediately available to print for binder insertion when required.

That's why hundreds of facility owners and managers trust Northstar.

Powerful, Easy-to-Use Technology

Experience inspection technology that delivers convenience, compliance and verifiable results all in one innovative solution. Leveraging innovative digital reporting and point-and-scan mobile device technology powered by BuildingReports.com, we deliver the industry's most comprehensive inspection reports in real time via the Northstar online portal. Authorized stakeholders can access the reports any time from any device with an internet connection, and even review discrepancies, approve repairs or replacement, and schedule service calls.

Robust Reports, When and How You Need Them

With digital inspection technology powered by BuildingReports.com, we deliver comprehensive inspections that are fully documented in compliance with NFPA and regulatory standards.

- » Provides inspection reports with device-level detail
- » Audit trail of prior inspection reports for multiple years for AHJ/Fire Marshal comparison, including quarterly reports for accredited healthcare agencies
- » Full code explanations included for devices with discrepancies
- » Comprehensive database of nearly every form required for compliance purposes, including custom options

Secure, Verifiable Data

BuildingReports independently verifies service provider's certifications, licenses, insurances, affiliations, and distributorships so Building Owners don't have to. Additional verification features providing valuable insight and business intelligence include:

- » Inspection date and time stamps for each device
- » Manufacturer recalls
- » Statistical analysis on each device such as decibel levels and water pressure
- » Recommended actions needed to meet compliance requirements
